

## Own The Pitch At Kallang Wave Mall Turns Football Skills Into A June Challenge

### Description

Own The Pitch gives football fans a mall-based challenge at Kallang Wave Mall just as June activities begin. The event runs from 1 to 14 June 2026 at the Level 1 Atrium, with daily hours from 11am to 9pm.

The Kallang listing describes seven interactive zones that test skills, speed and precision. That makes it useful for families looking for an easy post-lunch activity, and for football fans who want something more active than watching highlights on a screen.

### What Is There

The draw is accessibility. Visitors do not need a full team, a pitch booking or specialised gear to take part. Because the event sits inside the mall, it can be paired with a Stadium MRT trip, a meal or another Singapore Sports Hub stop.

The seven-zone format also gives children and casual visitors a clear loop. Try one skill, move to the next and compare results. For more serious players, it is a quick way to test accuracy and speed in a controlled setting.

It is also a useful wet-weather fallback. If outdoor plans are disrupted, Kallang Wave Mall keeps the activity indoors while still giving children a chance to move. Parents can set a simple time limit, let each child pick a favourite zone, then leave before the late-evening crowd builds.

- Dates: 1 to 14 June 2026.
- Time: 11am to 9pm.
- Venue: Kallang Wave Mall, Level 1 Atrium.
- Format: seven football-themed interactive zones.

The event is built around interactive zones testing football skills.

## How To Plan

Go earlier in the day if you are bringing younger children, especially during the first weekend. The mall is likely to be busier around meal times and event days at the wider Kallang precinct.

If you are going with a mixed group, let the football fans spend time at the zones while others handle errands or coffee nearby. That keeps the outing easy for grandparents, younger siblings and anyone who is less interested in the skill challenges.
