

## Paris Baguette's Korean-Inspired Pastries At Jewel: July 2026 Guide

### Description

Paris Baguette's Annyeong campaign at Jewel Changi Airport brings two Korean-inspired items to the café until 22 July 2026. One is a dessert built around strawberry bingsu flavours; the other turns gochujang chicken and gimbap-style fillings into a baked wrap.

The [limited menu](#) started on 11 June and is served at the Level 2 outlet. Both featured items are priced at S\$11.50 before any set add-on.

### Korean Strawberry Bingsu Cake

The cake layers vanilla sponge with condensed-milk cream, strawberry filling and fresh strawberries. It translates the milky fruit profile of Korean shaved ice into a plated cake rather than reproducing the ice texture.

A cake-and-drink set starts at S\$14.50, compared with a stated usual price of S\$18. Drinks priced above S\$6.50 require a top-up for the difference.

- Cake price: S\$11.50.
- Set with a drink: from S\$14.50.
- Flavours: vanilla, condensed milk and strawberry.

### Gochujang Chicken Gimbap Wrap

The savoury option uses gochujang-marinated chicken and gimbap-inspired fillings inside Paris Baguette's baked pastry. It is also S\$11.50 and can be expanded with soup and a drink for an additional S\$7.90.

The gochujang suggests sweet heat rather than a plain sandwich profile, while the gimbap reference points to a mixed filling. Ask the outlet about allergens and exact daily availability before ordering.

- Wrap price: S\$11.50.
- Soup-and-drink add-on: S\$7.90.
- Available only during the campaign window and stock availability.

## Making The Jewel Stop

Paris Baguette is at #02-200 in Jewel's public area. The menu ends on 22 July, so it is better treated as a short seasonal stop than an item to save for a later airport visit.

More limited menus are in Little Big Red Dot's [Food & Drinks guides](#).

- Campaign ends: 22 July 2026.
- Location: Jewel #02-200.
- Confirm the chosen set and any beverage top-up before payment.
