### A New Look, A New Symbol

The newly redesigned store features a Singapore-inspired interior that weaves in local cultural heritage, creating a space that feels unmistakably ours. At the heart of it all is a new symbol Poké: **Solgaleo**, the radiant Legendary Poké whose sun-like mane now graces the new store logo and façade alongside the ever-beloved Pikachu – together evoking the Singapore skyline in a way that’s both magical and deeply local.

Step inside and you’ll be greeted by an imposing Solgaleo statue at the entrance, surrounded by merchandise displays stocked with Poké goods you simply won’t find anywhere else.
