

PokÃ©mon photo spots at Jewel Changi Airport: 11 free stops, open 10am to 11pm

Description

default watermark

Entry is free, and the PokÃ©mon photo spots at Jewel Changi Airport are open from 10am to 11pm every day. Jewelâ??s 30th anniversary takeover started on 3 November 2026 and covers Levels 1 and 2, with a 3-metre-tall Pikachu as the main draw. It is the kind of outing you can do after dinner without paying a cent.

The weekend parade and giveaways on 7 and 8 November have ended. What is still running is the trail of displays and hidden photo spots, so here is how to work through it.

Where to find the PokÃ©mon photo spots at Jewel Changi Airport

Changi Airport lists 11 display and photo locations, all open 10am to 11pm. Most sit around Forest Valley, so you can do the lot in one loop.

- Level 1, East Canyon, near Lobby H
- Level 1, Forest Valley near North Canyon, plus South Canyon
- Level 1, Forest Valley Quadrants A, B, C and D
- Level 2, North Lookout, next to Shake Shack
- Level 2, South Lookout, next to PS.Cafe and next to Tutto by Da Paolo
- Level 1, North Entrance, opposite Porsche

The displays are grouped into four zones: Eevee Evolution, Snorlax, Mewtwo and Pikachu. The Snorlax Zone is a sleeping Snorlax on the water steps with first partner PokÃ©mon from Unova, Galar and Paldea around it. There is also a Charmander trail that ends at a painted pair of Charizard wings.

The photo spots are the PokÃ©genic ones: look for footprints and small PokÃ©mon tucked into odd corners. They are easy to walk past if you are only watching the big statues, so slow down on Levels 1 and 2.

Free extras: the TCG quiz rally

Jewel also runs a PokÃ©mon TCG display and quiz rally from Basement 1 to Level 5 until 3 January 2027. It features larger-than-life models of all 27 First Partner PokÃ©mon from nine generations. Finish the quiz and you can redeem a PokÃ©mon 30th Anniversary post card.

- Redemption counter: B1 Atrium, between Birkenstock and ZARA
- Hours: 11am to 10pm daily, last redemption 9.30pm
- First come, first served

Spend rewards: check before you shop

This is where I would manage expectations. Spend S$60 on a single receipt and you can buy PokÃ©mon premiums at S$9.90, S$14.90 or S$18.90, including a Pikachu plushie, an Eevee plushie, a travel blanket, an insulated bottle and an umbrella. When I checked Jewelâ??s promotion page on 21 November, every listed item showed as sold out, bar a pre-order umbrella with collection expected from 30 December 2026.

If you are shopping anyway, the other tiers are still worth a look.

- PokÃ©mon Memory Challenge: spend S$100 on a single receipt for a chance at prizes such as Elite Trainer Boxes, a Funko Pop, Mystery Medallions or Jewel vouchers
- UOB cards: spend S$150 to get a S$10 Jewel gift voucher, with up to 3 same-day receipts counted

Premium purchases go through the Changi app. Open Spotlight, pick the PokÃ©mon offer, upload your receipt, pay, then show your Changi Rewards e-Card at the B1 Atrium booth.

Getting there and timing

Take the East-West Line to Changi Airport MRT and follow the signs to Jewel, which is linked to the terminals by covered walkways. Weeknights are likely to be calmer for clear shots of the big Pikachu, since the school holidays began on 21 November and weekends will be busy.

One thing to double-check: Changi Airportâ??s event page lists the displays and photo spots until 31 January 2027, while Jewelâ??s promotion page gives 3 January 2027 as the promotion period. The rally and spend rewards end on 3 January, so go before then if you want the full set.
