What the code does to a three-pair order

The three pairs come to S$168.15 at sale prices, against S$387 at list price. Fifteen per cent off the S$168.15 basket is S$25.22, leaving about S$142.93.

That is S$244.07, or 63 per cent, below the S$387 the same three pairs list at.

Standard shipping is free on orders over S$75. Each of the three pairs on its own sits below that line at its sale price, and any two of them together clear it.

The Speedcat Mesh Sneakers Unisex in Authentic Gold-Gum, style 404370_05, is S$143.20 from S$179, a 20 per cent cut, and it is not marked for the code. The markdowns run without a code to 12 November, and the same date closes EXTRA15.
