

Racines at Sofitel Singapore Launches New Straits Heritage Menu: Home, Flavours from the Heart

Description

default watermark

Racines, the beloved restaurant at Sofitel Singapore City Centre, has unveiled an exciting new chapter with its refreshed menu concept â?? **Home: Flavours from the Heart**. This revamped Straits heritage dining experience celebrates dishes shaped by family kitchens across the region, thoughtfully refined by the restaurantâ??s talented culinary team.

A Refreshed Straits Heritage Concept

Building on Racinesâ?? well-loved Asian repertoire, the curated menu retains familiar favourites such as beef hor fun, Hokkien mee and chicken rice, while expanding the selection to over 20 Asian and Straits-inspired dishes. These additions draw from the chefsâ?? personal stories and family recipes, offering a more intimate and expressive take on the cuisine.

Signature Dishes to Try

The new menu introduces several standout creations that showcase the kitchenâ??s creative approach to heritage flavours.

Racines Nasi Goreng

Bold, smoky, satiating and full of character â?? this is Nasi Goreng seen through a slightly more indulgent lens. Wok-fried the way it should be, the dish is crowned with juicy, 24-hour marinated Ayam Panggang and finished with all the thoughtful extras that make it truly special.

Nyonya Assam Curry Snapper

Not your everyday Assam Pedas fish, this dish features crisp rice paper â??scalesâ?• layered over fresh snapper for added texture, then soaked in a bold, tangy Assam curry. Itâ??s the kind of gravy that begs for steamed rice and rewards with a deeply satisfying spoonful.

Cempedak CrÃ¨me BrÃ»lÃ©e 2.0

A beloved Racines favourite gets a well-deserved upgrade. In this new version, creamy cempedak gets a proper brÃ»lÃ©e crack, then takes an unexpected turn with warming spices before landing alongside coconut gelato. A dessert that shouldnâ??t work â?? but absolutely does.
