

Rainforest Wild Asia Adventure+ Promo: What Mandai Visitors Get

Description

default watermark

Mandaiâ??s Rainforest Wild Adventure admission has an opening special from 6 May 2026, with up to nine Adventure+ activities included for a limited time. For visitors, that changes the value calculation because the ticket is not just a walk-through park admission during the launch phase.

This is useful for families and active travellers who want more than a passive zoo-style route. The Adventure+ element suggests a more physical day, so footwear, timing and energy matter.

Who It Suits

The offer is best for visitors who actually want to try activity zones, not only see animals from the easiest paths. If you are bringing young children or older relatives, check height, age and health requirements before assuming everyone can do every activity.

Local student concession rates are available for students from secondary or tertiary institutions in Singapore, including government, private and international schools.

Planning Notes

Book for a day when you can arrive early and avoid rushing. Outdoor attractions are more comfortable when you plan for heat, rain, water breaks and a slower second half of the visit.

Location

Rainforest Wild Asia, Mandai Wildlife Reserve, 20 Mandai Lake Road, Singapore 729825
