

Run For Singapore 2026: S\$27.90 Virtual Race And SG61 Entitlements

Description

The nationwide virtual race runs from 1 August to 30 September 2026, with a listed entry price of S\$27.90.

Because participants choose their own route and timing, the event works for runners, walkers and families who prefer a park connector or treadmill to a mass-start road race.

How The Virtual Format Works

Register for the chosen category and apparel size, then complete the distance anywhere during the event window. A GPS running app or wearable can record the activity.

After finishing, upload a screenshot of the tracked workout to the submission portal. The organiser then processes the finisher entitlements for delivery rather than handing them out at a physical finish line.

- Event window: 1 August to 30 September 2026.
- Entry price: S\$27.90.
- Track with a GPS app or wearable and submit a screenshot.

What Finishers Receive

The SG61 collection includes a three-dimensional finisher medal featuring Singapore landmarks such as Marina Bay Sands and the Merlion, together with national orchid motifs.

Limited-edition red and blue race apparel is also part of the entitlement selection. Choose the size carefully during registration because virtual-event merchandise is prepared for fulfilment rather than exchanged at a race village.

- SG61 finisher medal.
- Choice of race singlet or finisher tee, depending on category.

- Delivery after completion and accepted submission.

Choosing A Route

Park connectors provide long uninterrupted stretches, while a neighbourhood stadium makes distance easy to count. A treadmill is valid too, which removes weather as an excuse during Singapore's wet afternoons.

See Little Big Red Dot's [Sports guides](#) for more local races and spectator events.

- Run, jog or walk.
- Carry water and avoid the hottest part of the day.
- Keep the original activity record until fulfilment is complete.
