

Sentosa x Disney Cruise Line: A Magical Island Adventure from 24 June to 20 September 2026

Description

Sentosa is getting a major Disney makeover this summer. From **24 June to 20 September 2026**, Sentosa Development Corporation (SDC) has teamed up with Disney Cruise Line to launch **A Magical Island Adventure: Let's Set Sail with Disney Cruise Line** – a first-of-its-kind, island-wide transformation that brings beloved Disney stories and characters to life across Sentosa's precincts, beaches, and natural landscapes.

Inspired by the *Disney Adventure*'s seven themed areas, the three-month festivities promise daily activities for families, Disney fans, and anyone looking for a magical day out – and for the first time ever, the Southernmost Point of Continental Asia will stay open until 10pm.

What to Expect at A Magical Island Adventure

The adventure is spread across multiple precincts on the island, each themed after a different part of the *Disney Adventure* cruise ship. Think glowing marine installations after dark, Disney character photo spots, princess-themed hammocks, and larger-than-life inflatables — all set against Sentosa's beaches and greenery.

Highlights Across Sentosa

Palawan Beach

Palawan Beach serves as the central hub of the island-wide activities, with installations inspired by **San Fransokyo Street**, **Toy Story Place**, and **Marvel Landing**. Look out for a 6-metre inflatable anchor and sand sculptures of Captain Mickey and Minnie Mouse, a 6-metre Baymax inflatable, and larger-than-life bath toys straight out of Toy Story Place.

Southernmost Point of Continental Asia

In a Singapore first, the Southernmost Point of Continental Asia will be open until 10pm, transformed into a luminous coastal escape inspired by **Disney Discovery Reef** and **Wayfinder Bay**. Expect glowing marine-themed installations, ocean-inspired lighting, and star-lit pathways bringing stories from *Finding Nemo*, *The Little Mermaid*, *Lilo & Stitch*, and *Moana* to life after dark.

Singapore Cable Car â?? Sentosa Line

Your Disney adventure begins the moment you board the cable car. All three stations along the Sentosa Line will feature Disney character photo installations, while the cable car cabins themselves will be dressed up with designs inspired by Toy Story Place and Disney Discovery Reef.

Central Beach Bazaar

At Central Beach Bazaar, a 3.5-metre **Magic Compass** serves as a storytelling guide to the Disney Adventureâ??s seven themed areas across the island. A corridor of tall, flowing tropical flags sets the mood as you navigate the space.

Sensoryscape

Sensoryscape gets a royal treatment, transforming into a **Town Square-inspired promenade** with 13 princess-themed hammock installations and dynamic lighting featuring over 100 effects that shift from warm golden tones to kaleidoscopic colours. Perfect for that after-dark photo op.
