The **SIA 11.11 sale** is still running until 20 November 2026, with Economy Class fares from S$198. That is six days left if you have not booked yet, and the window to fly is wide: 1 January to 31 May 2027, on selected periods only. Singapore Airlines lists 19 destinations on its Singapore offers page, from Kuala Lumpur and Phuket to Sydney and Madrid.

Here is what is confirmed on the airlineâ??s own page, plus the card codes you can stack on top.

SIA 11.11 sale: dates and where you can go

- Sale period: 11 to 20 November 2026
- Outbound travel period: 1 January to 31 May 2027, selected periods only, and blackout periods may apply
- Headline fare: Economy Class from S$198
- Booking: through the Singapore Airlines website, using the destination selector on the offers page

The S$198 figure is the starting price. Fares for each route and date move with availability, so run the search for your own dates before you get attached to a number. The page also shows the fare for your chosen route once you filter by origin and destination.

The 19 destinations are grouped like this:

- Southeast Asia: Bandar Seri Begawan, Da Nang, Ho Chi Minh City, Kuala Lumpur, Phnom Penh, Phuket and Surabaya
- Australia and New Zealand: Auckland, Brisbane, Melbourne, Perth and Sydney
- Europe: Barcelona, Brussels, Frankfurt, Istanbul, Madrid, Munich and Rome

Lots of people will go straight for Europe, but the nearer cities are good for a long weekend. A Da Nang or Phuket trip in January or February fits neatly around Chinese New Year if your dates are flexible, though peak weeks may fall inside the blackout periods.

Card codes that stack on top

SIAâ??s offers page also lists bank promotions. These are separate from the 11.11 fares, so read each set of terms before you pay.

- DBS and POSB cards: S$50 off flights departing from Singapore with code DBS50OFF, from 10 November, 10am Singapore time
- HSBC cards: up to S$120 off selected flights on the last Tuesday of every month with code HSBCDEAL. The next one is Tuesday, 24 November
- DCS Cards: up to S$100 off selected flights on the first Tuesday of the month with code DCSFLY50. The next one is Tuesday, 1 December
- Citi Prestige Mastercard: the page marks this one as fully redeemed

Note that the card offers have their own booking windows and eligible fares. A code that works on a promo fare today may not on another day, so check the T&Cs link beside each offer before entering your card details.

A tip on timing: the sale closes on a Friday, so decide over the next few days rather than at the last minute. Fares and seats move as other people book, and a fare you see today may not be there on 20 November.

Before you book

- Check the blackout dates for your route. â??Selected periods onlyâ?• means not every day between January and May is on sale
- Confirm baggage and change rules on the fare. Promo Economy fares are usually the most restricted, so look at the fare conditions before paying
- Have your passport validity ready. Many countries want six months left on arrival
- Compare your travel dates across the two or three days either side. Moving a flight by a day can change the fare

The sale closes on 20 November 2026, so if a fare looks good for your dates, lock it in before then. Terms and conditions apply, as stated on the Singapore Airlines website.
