

SimplyGo Adventure Quest Launches 1 June: Earn Rewards and Collectibles Just by Commuting

Description

If your kids have been begging you for a reason to ride the MRT this June holidays, here's one that might actually convince them: your EZ-Link card is now the key to an islandwide adventure game. From **1 June 2026**, SimplyGo is launching **SimplyGo Adventure Quest** — a transport-themed quest that turns everyday commuting and spending into missions, rewards, and collectibles inspired by Singapore's public transport culture.

SimplyGo Adventure Quest — turning your daily commute into an islandwide game from 1 June 2026

What Is SimplyGo Adventure Quest?

SimplyGo Adventure Quest gamifies your daily commute. Using your **SimplyGo EZ-Link card** or **SimplyGo Concession card**, you earn rewards by taking buses and trains, making retail payments via SimplyGo, and completing in-app mini missions scattered across the island. Think of it as a real-world RPG — except your character’s map is the entire Singapore public transport network.

Rewards include **cashback**, **merchant vouchers**, and **limited-edition Mr. Merlion & Friends merchandise** exclusive to the campaign. There are also **QR code stamp hunts** at all SimplyGo Ticket Offices and Ticketing Service Centres, encouraging players (and their families) to explore different corners of Singapore by train and bus.
