What the book-by date means

Travellers must complete the booking by 10 September 2026 to lock a listed promo fare. Travel itself can stretch to 31 July 2027 on selected periods only, and blackout dates may apply by route.

Fares are indicative â??fromâ?• prices. A live search on singaporeair.com can return a higher figure if the promotional inventory on chosen dates is gone or fare conditions are not met.
