PACE covers part-time diplomas, post-diplomas, short modules and related upskilling routes aimed at mid-career professionals and fresh graduates who need evening-friendly study.

What the October cohort looks like on paper

One listed route is the Diploma in Business Practice (Accounting). SP sets October 2026 start dates from 19 October, with registration ending on 13 September 2026. Evening classes run in stages, typically around 6.30pm to 9.30pm on weeknights depending on the stage.

Another listed route is the Diploma in Infocomm and Digital Media (Applied Artificial Intelligence and Analytics). Registration for that diploma also runs to 13 September 2026. It is a 2.5-year part-time path built from five modular certificates across five semesters.

Fees, subsidies and entry checks differ by course. SP reserves the right to shortlist applicants for interviews or assessments where a course requires them.

Applications for the October 2026 PACE intake close on 13 September 2026.
