Fresh funds and a savings account

The board is for retail customers using fresh funds only. You need an existing Singapura Finance savings account, or you open one with a minimum S$200 deposit, before the fixed deposit can be placed over the counter.

Early withdrawal and deposit insurance

No interest is paid if the fixed deposit is withdrawn early. The promotion is for a limited period and can be withdrawn or changed before you open the account and place the funds. Singapore dollar deposits of non-bank depositors are insured by the Singapore Deposit Insurance Corporation for up to S$100,000 in aggregate per depositor per Scheme member.

Confirm the live counter rate and terms on singapurafinance.com.sg before you place.
