A New First: The One-Day Choir

This year's edition introduces something special – a **one-day choir** made up of VOS members and their invited family and friends, who will anchor the evening's performances after a private rehearsal earlier in the day. Come 7pm, the stage opens to everyone: the main event is a massive, open-air community sing-along where anyone can simply turn up and join in.

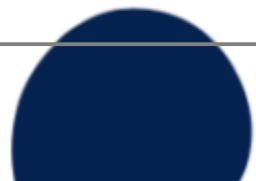

Celebrate Singapore's 61st Birthday Together

Held on the eve of Singapore's 61st birthday, **SingNation! National** is presented by **Voices of Singapore (VOS)** and **Perennial Holdings Private Limited**. It's a celebration of national spirit through music â?? bringing Singaporeans from all walks of life together through song, on the night before National Day.
