Sio Pasta At Raffles City: New Pasta Spot To Watch In City Hall

Description

default watermark

Sio Pasta is now listed on Raffles City Shopping Centreâ??s tenant directory, giving City Hall diners another pasta-focused option inside the mall.

The CapitaLand listing places it under Food & Beverage and Restaurant, which makes it relevant for office lunches, pre-show dinners and weekend shopping meals around City Hall.

Why It Matters

Raffles City is already dense with dining choices, so a new pasta spot has to be read by occasion. Sio Pasta is most useful for groups who want a central meeting point near City Hall MRT without committing to a hotel restaurant or a long reservation window.

The listing is especially handy for readers checking what has changed inside the mall before a workday lunch or National Gallery, Esplanade and Capitol Theatre outing.
