

Skypark Sentosa Relaunches 7 June with Skyslides by Klook

Description

default watermark

Skypark Sentosa is relaunching on 7 June 2026 with a new identity and its most exciting addition yet â?? **Skyslides by Klook**, a new dual-slide experience developed in partnership with Klook. The relaunch marks a fresh chapter for one of Sentosaâ??s most distinctive outdoor attractions, with Klook coming on board as a key partner to bring new activities and expanded access to the site.

What Is Skyslides by Klook?

Skyslides by Klook is a brand-new dual-slide experience set within the Skypark Sentosa grounds. As the name suggests, it involves two slides designed to give visitors the thrill of height and speed in a Sentosa setting â?? the partnership between Skypark and Klook signals a broader push to make the attraction more visible and bookable to both locals and tourists through Klookâ??s platform.

The tagline â??Play It Their Wayâ?• suggests the new direction is about offering more visitor choice â?? different experiences, different intensities, letting guests decide how they want to engage with the venue.

About Skypark Sentosa

Skypark Sentosa sits atop Imbiah Hill and has long offered elevated views of Sentosa, Singaporeâ??s southern coastline, and the Strait of Singapore. The venue has historically offered activities centred on height and adventure â?? making it a natural fit for a dual-slide installation and an expanded Klook-backed experience portfolio.

The location is accessible from Sentosaâ??s Imbiah Trail and connects to other Sentosa attractions nearby.

Getting There

- **Location:** Skypark Sentosa, Imbiah Hill, Sentosa Island, Singapore
- **Relaunch date:** 7 June 2026
- **Access:** Via Sentosa Express (Imbiah station) or Imbiah Trail
