

Sofitel Mother's Day Buffet Deal: Racines 50% Savings For Mums

Description

Sofitel Mother's Day buffet deal hunters have a very specific Racines offer to consider for the weekend before Mother's Day. Sofitel Singapore City Centre's official offer page lists a Mother's Day Buffet Brunch at Racines on 9 and 10 May 2026, with the headline perk that all mothers enjoy 50% savings on the buffet brunch.

The official page lists the brunch from 12.30pm to 3pm, priced at S\$138++ per adult and S\$69++ per child before the stated savings. It also says ALL Accor+ Explorer members enjoy 50% savings on the buffet brunch, with prices subject to service charge and prevailing government tax.

What The Deal Includes

Sofitel Singapore City Centre dining imagery supports the Racines Mother's Day buffet offer.

The Racines Mother's Day brunch is built as a celebratory buffet rather than a simple set meal. Sofitel's official menu description includes Seafood on Ice with fresh shucked oysters, Boston lobster and poached tiger prawns, plus carving, local and Western dishes.

The page also names dishes such as slow-roasted Angus beef with Provencal herbs and Madeira sauce, Pipa duck with cordyceps and truffle sauce, Assam pork curry with potato and eggplant, sauteed clams and mussels, and desserts including matcha raspberry short cake.

That makes the offer most relevant for families who want a hotel buffet format and do not mind the higher base price before discounts.

How The 50% Savings Works

Sofitel's culinary image matches the buffet brunch setting described in the offer.

The official wording says all mothers enjoy 50% savings on the Buffet Brunch. It also says ALL Accor+ Explorer members enjoy 50% savings on the Buffet Brunch. Those are the two deal hooks to verify when booking.

Because hotel dining offers can have detailed conditions, call or book through the official channel rather than relying only on a screenshot. Ask whether the mother's discount applies per table, how it interacts with Accor+ privileges, and whether children are charged at the listed child price.

The base price is S\$138++ per adult and S\$69++ per child, so the service charge and GST will affect the final bill. Do the maths before inviting a large group.

Who This Is Best For

default watermark

Sofitel Singapore City Centre official imagery shows the hotel context for the Racines offer.

This deal suits families who want a central location, a hotel setting and a broad buffet spread. Racines is at Sofitel Singapore City Centre on Wallich Street, which is convenient for families meeting around the CBD or travelling by MRT to Tanjong Pagar.

It may be less suitable if your family prefers a quiet small restaurant, has very young children who will not eat much, or needs a lower per-person budget. A 50% savings headline is attractive, but the starting price still places this in hotel-brunch territory.

For multi-generation meals, check seating, high-chair needs and dietary requirements early. Mother's Day weekend reservations can fill quickly.

Booking Details To Confirm

The offer runs on 9 and 10 May 2026 from 12.30pm to 3pm. That gives families a Saturday or Sunday option, with Sunday being the actual Mother's Day date.

Sofitel's page advises prior reservations and lists the hotel contact details for enquiries. If your group is large, call before booking online so the restaurant can confirm table arrangement and any promotion conditions.

Also confirm cancellation policy, deposit requirements and whether the discount is reflected immediately or adjusted at the restaurant. These small details matter when you are coordinating a family meal.

Is It Worth Booking?

The offer is worth considering if the mother in your group enjoys seafood, hotel buffets and a central dining room. The named buffet items are substantial enough to feel like an occasion rather than a token promotion.

It is not the cheapest Mother's Day meal in Singapore, so value depends on whether the discount applies cleanly to your group and whether the menu suits everyone. Families with light eaters may get better value from an a la carte restaurant.

The most sensible approach is to check the official page, call the hotel with your group size, then book only after confirming the final expected bill.

Offer Window

The Sofitel Mother's Day buffet deal at Racines runs on 9 and 10 May 2026, 12.30pm to 3pm. Confirm the 50% savings condition for mothers, Accor+ eligibility, child pricing and final ++ charges directly with Sofitel before booking.

About The Hotel And Venue

Sofitel Singapore City Centre sits at 9 Wallich Street, directly connected to the Tanjong Pagar area and close to the CBD. That location is useful for Mother's Day because it is central enough for relatives coming from different parts of Singapore, and it is easier to reach by MRT than many resort-style hotel restaurants.

Racines is the hotel's French-and-Chinese dining restaurant, so the buffet offer is positioned as a polished hotel brunch rather than a casual cafe meal. The setting suits families who want a comfortable dining room, hotel service, and enough variety for different age groups at the same table.

What Is Served At The Buffet

The official offer highlights Seafood on Ice with fresh shucked oysters, Boston lobster and poached tiger prawns. It also names slow-roasted Angus beef with Provencal herbs and Madeira sauce, Pipa duck with cordyceps and truffle sauce, Assam pork curry with potato and eggplant, sauteed clams and mussels, and desserts including matcha raspberry short cake.

Those details matter because they help you judge whether the S\$138++ adult price makes sense for your family. Seafood lovers and buffet regulars may find stronger value than light eaters, while families with children should compare the S\$69++ child price against how much the child is likely to enjoy from the spread.
