The Singapore price

S$1,299 is the list price for every Beam Ultra variant on the TC Acoustic store, with delivery and self pick-up at the same figure. Self pick-up is offered at the Sonos Flagship Store at Wheelock Place.

The previous compact bar, Sonos Beam (Gen 2), remains on the same store at S$899. Beam Ultra sits S$400 above that list price.

On the same authorised shelf, Sonos Arc Ultra is listed at S$1,899. That is the larger bar, not a Beam substitute.

Drivers and Atmos

Beam Ultra keeps the compact Beam form and adds true 7.1.2 Dolby Atmos through two dedicated up-firing drivers inside a nine-driver layout, plus a redesigned centre channel and four levels of AI Speech Enhancement.

It lists HDMI eARC, Wi-Fi 6, Bluetooth 5.3, Apple AirPlay 2, Trueplay, Night Sound and TV audio swap to compatible Sonos headphones. Dimensions are 65 mm high, 750 mm wide and 105 mm deep, at 2.88 kg.
