

SP PACE AI presentations course open for October; register by 26 September

Description

[Singapore Polytechnic PACE](#) is taking registrations for Creating Engaging Presentations with Artificial Intelligence through 26 September 2026. The next classroom run is 17 to 24 October 2026 at the Dover campus, and MySkillsFuture lists the full course fee at S\$820 before SkillsFuture funding.

What the course covers

The short course is 16 hours of face-to-face training aimed at non-creative professionals in retail, tourism, service and business teams. Learners use tools such as ChatGPT, Google AI Studio (Gemini) and AI image generators to build presentation decks. Mode of training on the SP PACE page is classroom.

Dates, fees and where to apply

Registration for the October intake opened on 17 August 2026 and closes on 26 September 2026. A later classroom run is listed for 14 to 15 December 2026, with registration from 14 October to 23 November. The MySkillsFuture listing under TGS-2025059768 shows a full fee of S\$820.00, with SkillsFuture course fee subsidies of S\$574.00 listed against that price; remaining payable amounts can be offset with SkillsFuture Credit where the learner has balance.
