

Standard Chartered BonusSaver Rate Revision: What Changes From 1 May

Description

default watermark

Standard Chartered BonusSaver rate revision changes took effect on 1 May 2026, affecting bonus interest mechanics for BonusSaver, MyWay Savings Account and JumpStart Account customers.

What To Compare

BonusSaver-style accounts are habit accounts. The headline rate matters less than whether you reliably meet the categories every month without forcing unnecessary spending.

When To Review Your Setup

Review after one full month under the new rates. If you miss a required action, compare the fallback interest against a simpler savings account or fixed-deposit option.

The bankâ??s notice is on Standard Charteredâ??s rate revision page.
