

Toys R Us Double 11 code 1111: 11% off online over S$60, plus LEGO free gifts from S$69

Description

default watermark

The Toys R Us Double 11 code is 1111, and it takes 11% off online orders when you spend over S$60. The offer was showing on the Toysâ?•Râ?•Us Singapore website on 10 November 2026. Free delivery applies on orders of S$80 or above, and you can also pick up in store with Click & Collect.

How the Toys R Us Double 11 code works

The site banner reads: 11% off when you spend over S$60 by entering promotion code 1111 before checkout. That is the full wording published on the page.

1. Add your toys to the cart on toysrus.com.sg.
2. Check that the cart is above S$60.
3. Type 1111 into the promotion code box before you pay.

One thing to know up front: the banner does not print an end date, and I could not find one in the terms. Treat 11 November (the 11.11 day itself) as the date to aim for, and confirm the code still works at checkout if you are reading this later.

LEGO free gifts from S$69

The Toys are Joys promotion page lists a â??Buy S$69+ free giftâ?• offer on several LEGO sets. The page does not say what the gift is or how many are available, so check the product page before you buy. Sets named on the page:

- LEGO Botanical Bouquet of Roses 10328
- LEGO Speed Champions Oracle Red Bull Racing RB20 77243
- LEGO Classic Large Creative Brick Box 10698
- LEGO Duplo Deluxe Brick Box 10914
- LEGO Technic Ferrari 42235
- LEGO Friends Fun Water Park Day 42676

The Botanical Bouquet of Roses was listed at S$89.99 when I checked. Whether the 1111 code can be used on top of the free gift is not stated, so test it in the cart.

Smaller offers that help you hit the S$60 line

Several multi-buy deals on the same page can help you reach the minimum spend.

- Playpop My First Guitar and Playpop Water Writing Mat: 2nd item 50% off.
- Monopoly Deal Card Game: any 2 at S$13.99, against S$9.99 each.
- Grab and Go Guess Who?: any 2 at S$16.99, against S$11.99 each.

The Playpop guitar was listed at S$19.49. Buying a pair of cheaper items is the easiest way to cross S$60 without spending on something nobody asked for.

How to stack the savings sensibly

Work out your basket in this order. First add the item you actually came for, then add a multi-buy deal only if you would buy it anyway. Next check the subtotal: if it is over S$60, enter 1111 and watch the total drop by 11%.

Finally, look at the delivery line. If you are just below S$80, a small top-up or Click & Collect may suit you better than paying for delivery.

Because the page does not list exclusions, do not assume every item qualifies. Pre-order items, gift cards and some licensed products are often treated differently in retail promotions, so look at the terms before you build a large basket around the code.

Who this suits

default watermark

If you are shopping early for Christmas, this is a decent time to lock in LEGO and board games, since big-ticket sets are the items most likely to sell out closer to December. If you are buying for a birthday party, card games like Monopoly Deal are cheap, quick to learn and easy to wrap.

Check delivery timelines before you rely on online orders for a date-sensitive gift. Click & Collect lets you choose a store, which can save on delivery if your cart is under the S$80 line.

Other kid-friendly bits to plan around

We covered an earlier Toysâ?•Râ?•Us online promotion during the haze, so this brand tends to run short online windows. For something outdoors once the shopping is done, see the Wild Wild Wet 1-for-1 deal on 11 November or our Zoolympix guide for Mandai.

Before you check out

- Code: 1111, entered before checkout.
- Minimum spend: over S$60.
- Free delivery from S$80, or use Click & Collect.
- Exclusions and the end date are not shown on the banner. Read the terms at toysrus.com.sg and the promotion page.
