### Description

Trip.com's Singapore 5.5 Mega Sale page is live with promo codes across flights, hotels, attractions and tours, car rental, airport transfers, packages, cruises and other travel categories. The page headline promotes flight savings of up to S\$155.

### Promo Code Rules

Trip.com says codes are first-come-first-served upon payment, while stocks last. Users have to successfully complete the booking to use the code. Promo codes must be entered on the checkout page before final payment to verify whether they apply.

The page also states that promo codes can only be applied to eligible products and cannot be used with other discounts, promotions, cashback sites, rewards, loyalty programmes, discounted items or fixed-price items unless stated otherwise.

Trip.com uses official campaign tiles for different travel categories.
