The fairs are run by the Skills and Workforce Development Agency with NTUC's Employment and Employability Institute (e2i). Most on-site events are for Singaporeans and permanent residents; some pages also spell out walk-in rules for long-term visit pass holders who bring a letter of consent.

Virtual interviews from 20 October

Tuesday 20 October opens with a virtual job interview session for financial services and FinTech roles from 2pm to 5pm, covering banking operations, compliance, client services, digital finance, payments and risk. Wednesday 21 October runs the same afternoon window for data and AI roles, including analytics, data engineering, machine learning and AI solutions. Thursday 22 October adds a virtual customer-service interview block, again 2pm to 5pm. Registration sits on the linked e2i event pages from the gov.sg list.

Bedok Career Growth Fair, 20 to 22 October

Bedok Town Square hosts a Career Growth Fair from 20 to 22 October, 11am to 6pm each day, focused on trade and connectivity, lifestyle and the built environment. The floor is split into a Discovery Zone for career and skills advisory, a Learning Zone with training providers, and a Career Zone where employers take walk-up conversations.

e2i's preferred employer list for the fair includes Marina Bay Sands, PRIMECH A and P, and Rentokil Initial Singapore. Open roles on the event board span property and facilities posts at Savills and Knight Frank, F&B captain and host roles at Marina Bay Sands, a restaurant executive post at Fairmont Singapore and Swissotel The Stamford, and operations roles at 800 Super Waste Management, with listed monthly salary bands from S\$2,200 to S\$6,000 depending on the job.

Healthcare at Century Square and SkillsFuture Festival stop

The Healthcare Jobs and Skills Fair runs at Century Square Atrium from 22 to 25 October, 11am to 9pm, with on-site career and skills advisory. Employers flagged for the early days include Eastern General Hospital, Ma Kuang Chinese Medicine and Research Centre, NTUC Health and Sengkang General Hospital, with roles from enrolled nurse and medical laboratory technologist to community care and centre manager posts.

SkillsFuture Festival @ North West is at Northpoint City South Atrium on 23 and 24 October, 10am to 7pm. It is an advisory and skills resource stop rather than a single-employer hiring hall.

Later in the month, a Marine and Offshore Energy Jobs Discovery sits at the Devan Nair Institute on 22 October, 10am to 4pm, an e2i x APP Engineering recruitment fair returns to the same venue on 29 October, and My Career Health Matters takes over Pasir Ris Town Square from 30 October to 1 November.
