Songs of Dreams gives audiences an exclusive look at the repertoire VOS will bring to Berlin as part of the Philharmonie's acclaimed *Walking in Beauty* series. It's a significant milestone for Singapore's choral scene: VOS Artistic Director **Dr Darius Lim** becomes the first Asian composer

spotlighted in the series, joining previous honourees Å?riks EÅjenvalds, Bob Chilcott and Ola Gjeilo.

A world premiere anchored by local composition

Anchored by Dr Limâ??s music, the programme brings together original compositions and celebrated choral works exploring dreams, imagination and shared human experience. It also includes the world premiere of his new work, *Our World Is An Island*.
