### Description

The We Desi DBS deal is a weekday dining promotion for DBS/POSB cardholders: 1-for-1 mains for dine-in from Monday to Friday.

The promotion runs until $2.

## Key Details

The offer is 1-for-1 mains for dine-in from Monday to Friday. DBS says diners should check with staff on duty for the available options under the offer.

The higher-priced item is chargeable, and the bill remains subject to prevailing GST and service charge. This matters if you are comparing the final table bill rather than only the menu price.

## Main Terms

The promotion is limited to one redemption per table, per cardmember, per visit and per receipt. DBS also states that bill splitting is strictly not allowed.

The deal is while stocks last and is not valid with other marketing promotions, discounts, vouchers, loyalty programmes or gift cards. It is also not valid on the eve of and on public holidays, and other special or festive occasions.

## How To Claim

Visit on an eligible weekday, ask staff which mains are included, then pay with a valid DBS/POSB credit or debit card.

Because the offer is one redemption per table, groups should decide which two mains to pair before ordering. The saving works best when the two selected dishes are close in price.
