The Weavve Home 11.11 sale gives you 15% off sitewide with code 11NOV15, valid from 28 October to 15 November 2026. Selected items go up to 45% off, and the brandâ??s 11.11 exclusive bundles save up to 24% on its bestsellers. Free shipping within Singapore kicks in on orders above S$50.

How the Weavve Home 11.11 sale works

There are three layers to this sale, and it helps to know which one you are using before you add things to the cart.

- Code 11NOV15 takes 15% off sitewide.
- Selected items on the sale page are marked down by up to 45%.
- 11.11 exclusive bundles of bestsellers save up to 24%.

The sale page on weavvehome.com lists all three. Dates run 28 October to 15 November 2026, so you have until Sunday to decide.

How to claim code 11NOV15

1. Open the sale page and add your items to the cart.
2. Enter 11NOV15 in the discount field at checkout.
3. Check that the total updates before you pay.

Whether the code can sit on top of a bundle price is not spelled out on the page, so compare the final totals at checkout. If a bundle already gives you 24% off, adding the code on separate items may still beat it, so run the numbers for each basket.

What to put in the basket

Weavve organises its range into bedding, bath and laundry, kitchen and living, and mother and baby. Bedding is the obvious pick if you are changing sheets before the year-end hosting season. Fitted sheets and pillowcases wear out first, so a fresh set is a sensible spend.

Towels are the other easy buy. The brandâ??s bath range works well as a gift or a household refresh, and bundles make sense here since you rarely need only one towel.

Families should look at the mother and baby section. The playmat shown below is the sort of item that gets daily use at home, and a discount makes a bigger difference on bulkier pieces.

A simple way to plan your order

Start with the sale page, then sort what you need into two piles: things you will use within the month, and things you are buying for later. Prioritise the first pile, since a discount only counts if the item earns its place at home. A towel set or a fresh set of sheets is the sort of buy most households can justify.

Next, price the same basket two ways. First add the bundle you like and note the total. Then add the individual pieces, apply 11NOV15, and compare. Two minutes of checking can save more than the headline percentage suggests, and it stops you from paying for a bundle item you never wanted.

Free shipping, and the S$50 line

Delivery within Singapore is free on orders above S$50. With 15% off applied, it is worth checking whether your cart still clears S$50 after the discount. If you land just under, adding a small item may cost less than paying for delivery, though the page does not say whether the threshold is counted before or after the code.

Keep your sale spending in check

11.11 is a good time to buy things you were going to buy anyway, and a poor time to buy things you were not. Write a short list of what your home actually needs, set a ceiling, and stop when you hit it. The same logic applies to our other home-related sale pages: the Secretlab 11.11 sale covers chairs

and desks, and the TEMPUR warehouse sale was aimed at mattresses and pillows. Our Charles & Keith Singles Day post is the place if your 11.11 budget is going to bags instead.

Timing

The sale ends on Sunday 15 November 2026, but popular colours and sizes tend to go first in any 11.11 sale. If you already know what you want, order early in the week. If you are only browsing, set a fixed time to decide so the end date does not rush you into extras.

Fine print to remember
