

# Weiken showroom Paya Lebar opens: 10% off renovation to 21 December

## Description

default watermark

Renovating a BTO or resale flat? The new Weiken showroom in Paya Lebar lets you test drawer runners and compare countertops in person, and WEIKEN is offering 10% off renovation for contracts signed between 21 November and 21 December 2026. The Weiken showroom Paya Lebar opened on 13 November 2026 at 140 Paya Lebar Road, #07-03, and it is by appointment only.

## Weiken showroom Paya Lebar: what you can touch

The 1,486 sq ft space is WEIKENâ??s third showroom. Every visit starts with an assigned interior designer who looks at your floor plan and asks about daily habits before any material comes out. You walk through five display areas:

- A complete kitchen with cabinetry finishes and smart storage.
- A wardrobe and storage display with internal organisation systems.
- A complete bathroom with finishes, fittings and lighting options.
- A TV feature wall with concealed storage and carpentry details.
- Three flooring stations comparing vinyl options by texture and colour.

A materials library sits alongside. You can compare stainless steel, sintered stone, quartz and compact countertops, plus laminates and clear, tinted and fluted glass.

## The drawer test that saves regrets

The detail worth the trip is the working hardware. You can open and close drawers from different manufacturers side by side, and try pull-out systems made for blind kitchen corners. Anyone who has lived with a sticky drawer in a new flat will understand why this matters.

The visit ends with a customised quotation for a renovation package, prepared once the layout and materials are settled.

## The 10% discount and how the timing works

According to WEIKENâ??s press release, the 10% off applies when you sign between 21 November and 21 December 2026. It was announced as part of a homeowners event on Saturday, 21 November, which has now passed. We could not confirm whether walk-in appointments after the event get the same terms, so ask when you book.

Read the contract carefully before signing, whichever firm you pick. Our guide to HDB renovation permit rules explains the weekday 9am-5pm limit on noisy works and the three-month window for new flats, which should sit in your timeline.

## How to prepare for the visit

Bring your floor plan, a rough budget and a list of what you cannot live without, such as a wide pantry or a study corner. Because the designer starts with your habits, the more specific you are, the more useful the quotation. Take photos of the drawer and corner-storage options you like so you can compare them later.

Get at least one more quotation from another firm, and ask for each line item in writing. That way you compare like for like, from carpentry to electrical points, instead of a single package price.

## Practical details before you book

- **Address:** 140 Paya Lebar Road, #07-03, Singapore 409015.
- Hours: daily, 11am to 7pm, including weekends and public holidays, by appointment only.

## Timing for BTO owners

WEIKEN suggests starting the conversation up to six months before key collection, because lead time matters for BTO flats. The firm quotes CaseTrust Gold accreditation (2026) and a two-year workmanship warranty on renovation work. Those are the companyâ??s own claims, so check the warranty terms in writing.

If your key collection is not yet scheduled, start with our note on the HFE letter deadline for the February 2027 BTO exercise. And since new homes bring new sockets and chargers, the SCDF home fire safety checklist is worth a read before the electrician starts.
