

WHUCHU Opens Beer Garden at UE Square With -86°C Frozen Beer

Description

WHUCHU has opened a Beer Garden at UE Square, bringing its signature frozen beer experience outdoors with frost-covered mugs, Korean drinks, garden-exclusive bites and full Korean BBQ.

At the centre of the experience is a dedicated -86°C freezer, where beer mugs are frozen before being filled with draught beer. Available from 5pm onwards, guests can choose from Draught Cass Beer, Krombacher Pils and Krombacher Dark, served in a regular mug or one frozen at -86°C for an extra-cold, crisp pour.

Matcha and Ube Makgeolli, made with real ingredients

Beyond beer, the Beer Garden serves Matcha and Ube Makgeolli, with their vibrant colours coming naturally from the ingredients rather than artificial colouring. The Matcha Makgeolli is made with 100% real matcha for a gentle aroma and subtle bittersweet finish, while the Ube Makgeolli uses 100% real ube for a naturally sweet, delicate flavour.

The wider drinks menu includes Korean highballs such as Bokbunja, Ginseng and Earl Grey (all 8% ABV, 300ml), alongside Korean soju, Jijangsu Cameo Makgeolli and Somaek.
