That is a longer window than the O-Level track, which closes on Thursday 11 September 2026, 11.59pm. A non-response is treated as a rejection.

Who the working-adult track covers

Singapore Citizens and Permanent Residents with at least two years of relevant full-time work experience may use the working-adult route. Outcomes appear on the shared [EAE Application Portal](#). Applicants who accept an offer are not eligible for JAE, JPAE and other polytechnic admissions exercises, and cannot switch courses within or across polytechnics.

Withdrawal still runs to 16 October

[Temasek Polytechnic](#) states the same 16 October 2026, 11.59pm acceptance deadline for working adults. Anyone who accepts and later wants out must withdraw on the portal by that same timestamp.
