

WSG Career Showcase at World Ageing Festival 2026: Shaping the Future of Productive Longevity in Singapore

Description

As Singapore navigates the challenges of a rapidly ageing population, a major event is set to spotlight the immense potential of the silver workforce. The **World Ageing Festival 2026**, organised by **Ageing Asia**, will host a dedicated **Career Showcase** on **15 April 2026** at Marina Bay Sands and it promises to be a powerful gathering of ideas, innovation and inspiration.

Supported by **Workforce Singapore (WSG)**, the Career Showcase aims to spark meaningful dialogues around lifelong employability, mid-career reskilling, and the evolution of multi-stage careers.

Empowering Careers, Elevating the Future

The showcase will highlight innovative employment practices and celebrate success stories from forward-thinking businesses that value the wisdom, experience and contribution of mature workers. From unlocking overlooked talent pools to championing workforce sustainability, the event brings together diverse perspectives on career opportunities and workplace innovation.

Ageing Asia aims to demonstrate how organisations can create environments where experience is an asset, not a limitation, fostering age-inclusive workplaces and strengthening economic resilience.
