The Xiaomi 18 Pro Max Singapore price is S$2,099 for the 12GB + 256GB model, and S$2,299 for 512GB. Xiaomiâ??s Singapore store lists the smaller Xiaomi 18 Pro at S$1,799 and S$1,999. The first sale period runs from 18 to 23 November 2026, with a free gift worth up to S$239 on the table.

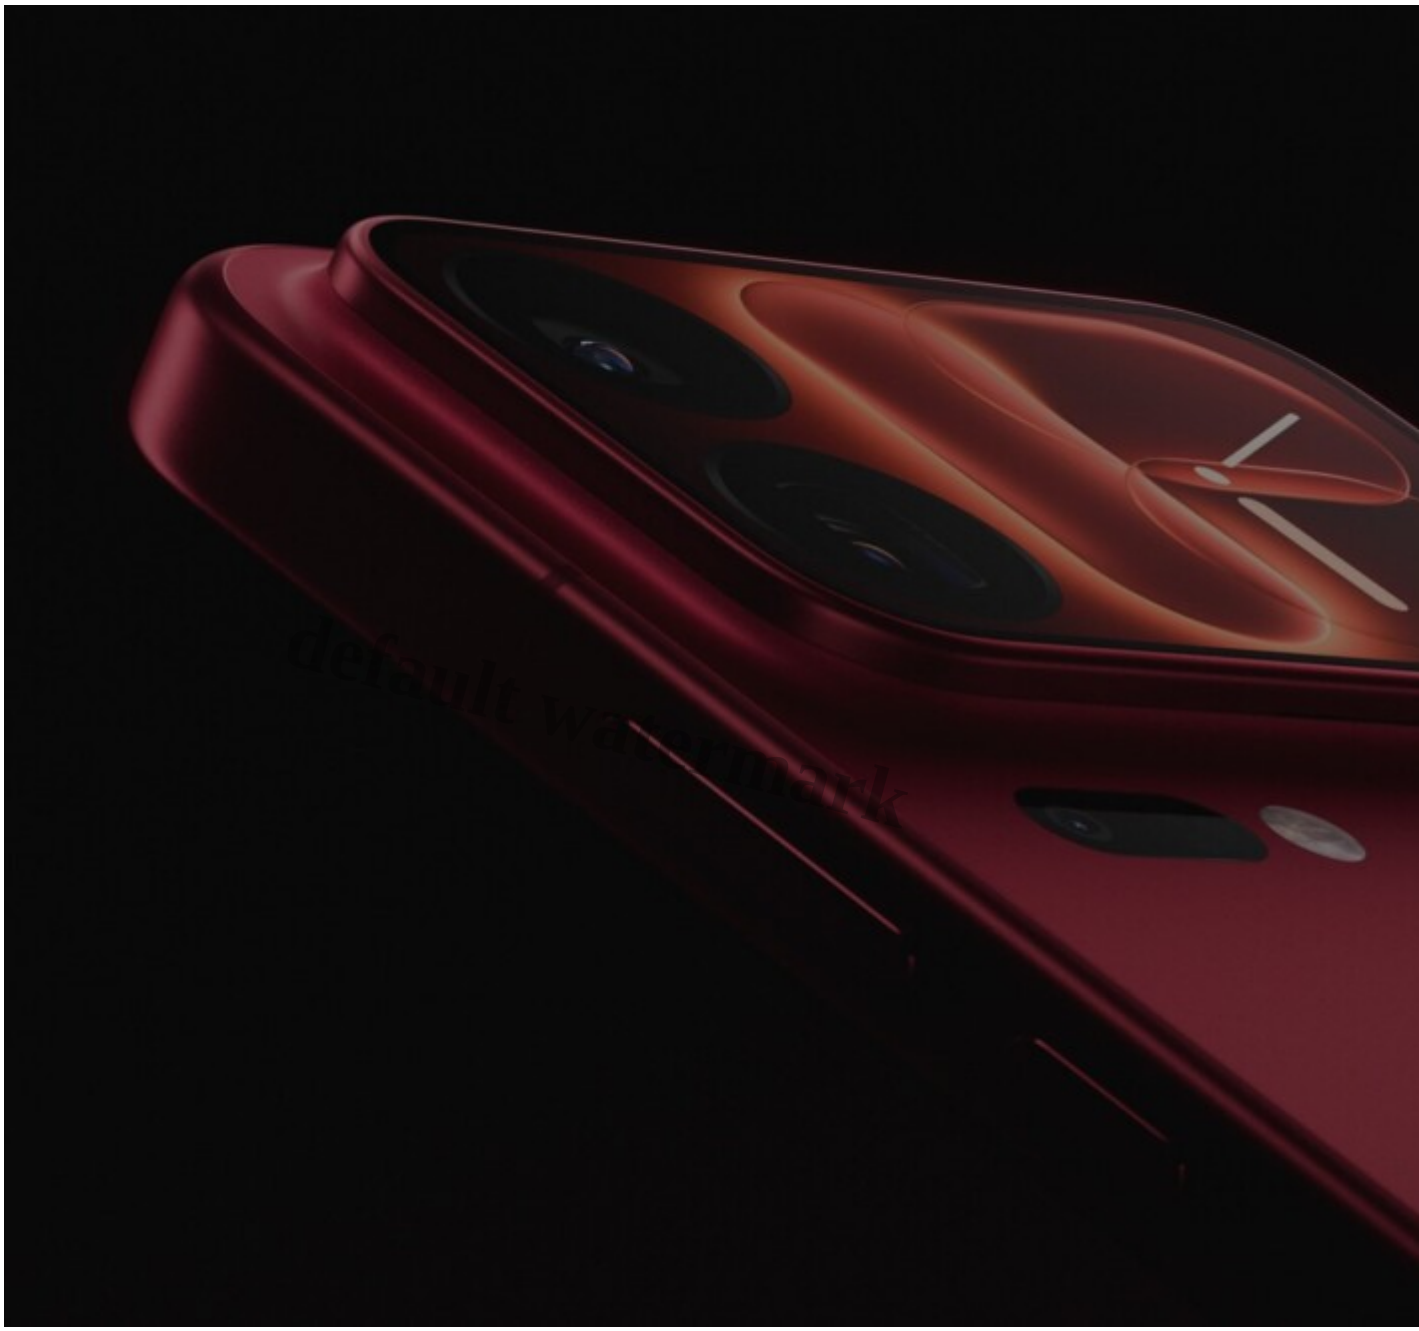

Both phones are 12GB RAM only, so storage is the one big decision. Prices below are the standard prices on mi.com/sg, before any promo.

What the Pro Max gives you

The headline spec is a 200MP Leica main camera paired with a 200MP Leica telephoto. Power comes from the Snapdragon 8 Elite Extreme Gen 6, and the battery is a 7,050mAh silicon-carbon cell. The front is a 6.9-inch Xiaomi Privacy Display with 0.99mm bezels and a 19.6:9 aspect ratio.

The smaller Xiaomi 18 Pro uses a 6.4-inch Privacy Display and a 6,000mAh silicon-carbon battery. Xiaomi notes that Privacy Display reduces how visible the screen is from the side, but content may still show at some angles.

There is also a new AI Button. A short press opens AI Translate Conversation, and a press and hold (0.5 seconds) starts AI Voice Note. You can customise it too.

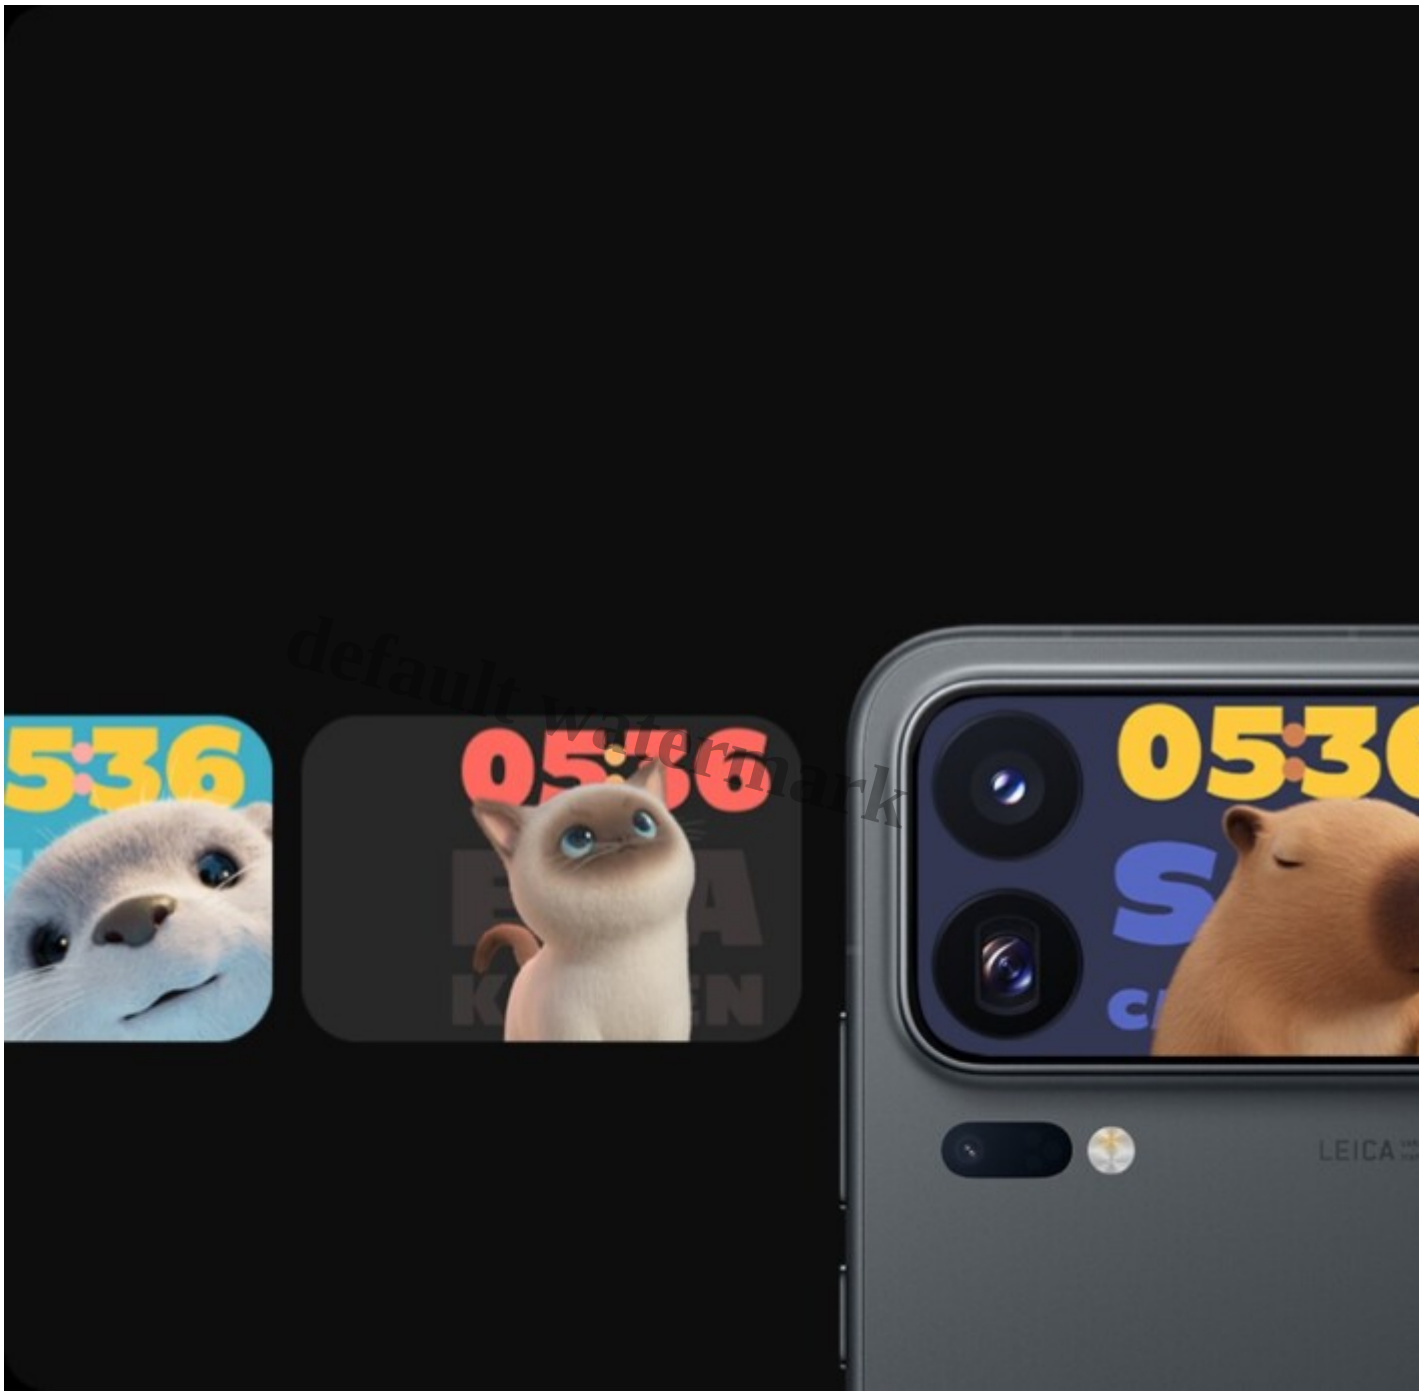

The back display is the new party trick

The Pro Max carries a small screen on the rear, set into the camera island. Xiaomi pitches it three ways.

- Notifications, live activity updates and key information show on the back without flipping the phone over.
- You can pin text or an image to it, so something like a grocery list stays in view.
- It works as a camera preview, so you can frame shots with the rear cameras for selfies and group photos.

For photos, an open-palm gesture starts the countdown, and the camera switches from wide to ultra-wide automatically when it spots a group. Dual-view recording is supported, and video goes up to 8K at 30fps with Dolby Vision.

Xiaomi Singapore says the Xiaomi 18 Pro series is on sale now, with the first-sale window running from 00:00 on 18 November to 23:59 on 23 November. Check the product page for the live checkout price, because promo pricing can differ from the standard prices above.

- 50% off Xiaomi Care for the series during the launch period.
- 0% interest instalments.
- Double Mi Points during the first sale period.

- A 3-month Google AI Pro trial (with 5TB of cloud storage) and a 3-month YouTube Premium trial, subject to eligibility.

T&Cs apply to all of the above, and trials and gifts have limited eligibility, so read the fine print on mi.com/sg before you pay. If you are upgrading from a Samsung or an older Xiaomi, it is worth comparing against the budget end too, such as the Galaxy A18 at S$328.

Pro or Pro Max?

Go for the Pro Max if you shoot a lot of zoomed photos, since it is the one with the 200MP Leica telephoto, and if you want the 7,050mAh battery. Go for the Pro if you want a phone that fits one hand better at 6.4 inches and S$300 less.

Either way, the sale is a short one, with the first-sale window closing at 23:59 on Monday 23 November. If you are also hunting for other gadget bargains this month, our Amazon.sg Black Friday guide is running until 30 November.
