

## Youth Aquathlon League 2026: Singapore Swim-And-Run Race Series Guide

### Description

Youth Aquathlon League 2026 gives students a structured way to try multi-sport without jumping straight into a full triathlon. The race format combines swimming and running, with a series running from June to August.

The event is organised by the Triathlon Association of Singapore and is open to primary, secondary and tertiary students, including both beginners and more experienced participants.

### Race Dates And Fees

- Race 1: 6 June 2026.
- Race 2: 25 July 2026.
- Race 3: 29 August 2026.
- Grand Finale: date to be confirmed.
- Single race entry: S\$39 per participant, excluding platform fee and GST.
- Full series bundle for three races: S\$99 per participant, excluding platform fee and GST.

### What Participants Receive

The event listing says participants receive race entitlements including a race bib, swim caps, winner medals and an event tee where applicable. Slots are allocated on a first-come, first-served basis.

The league also serves as a development platform, with promising participants potentially guided towards the triathlon pathway in Singapore.

### Who Should Consider It

This is suitable for students who are comfortable in water and want an endurance challenge that still feels approachable. Parents should confirm the child's swim confidence, race distance and venue

details before registering.

For another June youth-sport option, LBRDâ??s [OCBC Cycle 2026 weekend guide](#) gives a useful comparison for families looking at mass participation events.

## Location Notes
